

DAISY DAY - JUNE 2 & 3

Now that the Spring blizzards are over -- we hope! -- our fancy lightly turns to Daisy Day. As you know, this year marks the 25th jubilee celebration with a mammoth weekend outing at Kittansett on June 2 and 3. A large and capable committee is assiduously at work, planning mammoth entertainment and clever means of recuperation and resuscitation. As the housing arrangements require considerable care and thought, it is most imperative that a snappy reply be made on the usual attached coupon.

The Membership Committee is considering the advisability of asking new prospective members to luncheon on Sunday so if any members have any thoughts on this subject, get in touch with the Secretary -- that's me -- promptly.

L. C. FARLEY, JR.
