Hochgebirge Ski Club,
Boston, Mass.

Dear Mr. Peirson:

Received your letter of the 16th enclosing a letter from General Sherburne and sketch for which I thank you, I am returning same with this letter.

It seems to me that accepting your suggestions regarding design etc. that everything is quite all right and as they should be, as you well know I would not offer any suggestion regarding the method of award etc.

I trust that you will again express to General Sherburne and his daughter when you next communicate with them, the sincere appreciation of the Association for their thoughtfulness to the Association in this matter, and also my own appreciation and admiration for the manner in which they have perpetuated the memory of John.

If I can be of any service to you or them in any way whatever I trust that you will let me know.

Most sincerely,

R. S. Elmer
